

# SUMP CLEANER 2420

Heavy Duty Sump & Machine Cleaner

## Product Description:

SUMP CLEANER 2420 is a heavy-duty sump cleaner and general maintenance cleaner, and it is an excellent choice to remove the toughest oils, greases and shop soils. The cleaning process is an important first step in proper coolant maintenance process, and this high detergency, hard surface cleaner simultaneously cleans and deodorizes the most heavily soiled sumps with a combination of unique wetting agents and enhanced detergency that penetrates even the toughest soil while it kills bacterial and fungal growth to make sure that your coolant gives you long life and maximum performance with minimal problems.

## Benefits:

- Sterilizes systems for proper coolant charge
- Cleans without agitation, as is a soak tank
- Effective when used hot or cold
- Non-flammable
- Low use rates, from 2 - 4 percent

## Recommended Use Ratios:

- |                                |    |
|--------------------------------|----|
| • Lightly soiled ferrous parts | 2% |
| • General sump/system cleaning | 3% |
| • Heavy duty cleaning          | 4% |

## Typical Properties:

- |                           |                    |
|---------------------------|--------------------|
| • Appearance              | Clear Yellow Fluid |
| • pH, 2% solution         | 11.7               |
| • Specific Gravity @ 60°F | 1.12               |
| • Pounds/gallon           | 9.31               |
