

ADVANCE 6030C

Heavy Duty Botanical
Metalworking Grinding Coolant

Product Description:

ADVANCE 6030C is a heavy-duty, botanical metalworking fluid for machining and grinding of ferrous, non-ferrous and copper alloys. It is virtually non-foaming in high pressure applications. **ADVANCE 6030C** has a unique blend of botanical additives and boundary lubricants that provide proven performance on difficult machining and grinding operations. **ADVANCE 6030C** is specially formulated to provide long sump life and exceptional rust protection, and it is the ideal choice for replacing chlorinated soluble oils. **ADVANCE 6030C** does not contain petroleum oil, chlorine or sulfur.

Benefits:

- Exceptional rust protection
- Virtually non-foaming
- Contains no nitrites or phenols
- Excellent rancidity control
- Does not leave tacky residue on machine or fixtures

Specifications:

Appearance.....	Bright, clear amber liquid
Specific Gravity @700 F.....	1.04
Density, lbs. /gal. @ 700 F.....	8.6
pH @ 1:10.....	9.6

Recommended Starting Dilutions:

Milling, drilling and turning	08%-10%
Tapping, reaming and sawing	08%-10%
Roll Forming Threading.....	10%

Packaging:

ADVANCE 6030C is available in 5-gallon pails, 55-gallon drums or 330-gallon totes.
