

SWISSKUT 8910

High Performance Cutting Fluid

PRODUCT DESCRIPTION:

SWISSKUT 8910 is a high-performance, chlorine free cutting and grinding fluid that is formulated with highly refined synthetic base stocks along with a unique blend of additives that have exceptional lubricating and extreme pressure performance to extend tool life, maximize productivity while meeting exacting surface finish and dimensional tolerances. **SWISSKUT 8910** delivers exceptional resistance to oxidation for superior stability and filterability, and it provides world class performance for CNC machinery, including Swiss-automatic lathes, and is ideally suited for high production shops in operations machining tough materials such as stainless steels, titanium, high-temperature alloys and other difficult to machine materials.

BENEFITS:

- Reduces Machine Deposits
- Improved Tool Life
- Improved Fluid Life

The Metalloid Partnership Advantage

Property	Result
API Gravity @ 60 ⁰ F	40.2
Viscosity @ 40 ⁰ C, cSt	9.8
Viscosity @ 100 ⁰ F, SUS	58
Flash Point, COC, ⁰ F (C)	382 (200)
Pounds/Gallon	6.86
