

METDRAW 711

Light-Duty – Fast Drying Vanishing Lubricant

Product Line

Metalloid Corporation manufactures a complete line of high-quality vanishing fluids for a wide range of applications. Metalloid stamping compounds provide industry with a variety of unique products that meet the demands of most forming and stamping operations.

Description

METDRAW 711 is a low viscosity vanishing lubricant, containing a proprietary blend of lubricity additives. This fluid is non-staining. **METDRAW 711** is formulated for light duty blanking, stamping and forming of ferrous and non-ferrous metals, including pre-coated stock. This product evaporates leaving minimal residue. In most instances, additional cleaning is not necessary. **METDRAW 711** contains no sulfur or chlorine.

Benefits

- Dry to touch
- Clean running
- Multi-metal safe
- Good tool life
- Ideal for multi-slide machines

Application

METDRAW 711 is designed to be used as is.

METDRAW 711 is available in 5-gal. Pails, 55-gal. Drums, 330-gal. Totes, and bulk gallon quantities.

Specifications

Appearance.....clear, colorless liquid
Specific Gravity.....0.760
Density, lbs. /gal. @ 70F.....6.33
Flash Point, F (TCC).....140+
